

Lyngby 17.08.2009
Ref: REACH

Dear Customer,

Thank you for your enquiry about REACH and Brøste/Azelis Nordic.

Brøste, Azelis Nordic, is actively collaborating with several industry associations in order to create full REACH compliance and to give the highest consideration to the implementation of each required action.

All relevant substances have of course been pre-registered by us and our suppliers, and we have established a procedure to ensure that our future suppliers, as well, will fulfill their obligations in respect to REACH.

We are well aware of the possibility to do the late pre-registration when we start up new imports. Regardless of the tonnage band, it is our policy to late pre-register as soon as imports start up.

Communication on uses will be forwarded to our suppliers as required by REACH.

If you have further questions, please do not hesitate to contact me either by phone +45 45 26 33 55 or by email: birthe.oldenborg@azelis.dk.

Med venlig hilsen
Brøste A/S
